The Number of Single Investor Identification Reached 9 Million

Jakarta, June 30th, 2021 – The number of Single Investor Identification registered in PT Kustodian Sentral Efek Indonesia (KSEI) has reached 9,335,798. This was stated by the President Director of KSEI Uriep Budhi Prasetyo during the KSEI Annual General Meeting of Shareholders (AGMS) today (30/7) in Jakarta.

Uriep then added, “The significant growth in the number of SIDs is due to the addition of 3.91 million TAPERA participants in KSEI's Integrated Multi-Investment System (S-MULTIVEST), which has been implemented since June 10th. The concept of a single identity that has been used by KSEI to develop SID numbers has proven to be able to identify investors in the capital market, thereby facilitating the supervisory function. It can even be used for other financial products beside the capital market.”
